

PLYMOUTH MILL

Highway 149, Plymouth, NC 27962

2018

AT A GLANCE

Domtar's Plymouth Mill is located in North Carolina's Inner Banks off the Roanoke River and produces softwood fluff pulp. Originally opened in 1937 by the North Carolina Pulp Co., the mill today makes pulp known for its excellent absorbency and sheet properties and used in the production of adult incontinence products, baby diapers and absorbent hygiene products that are sold around the world.
